

# Montagehinweis

## SBL-Lamellengitter Montage u. Demontage

### Assembly instructions

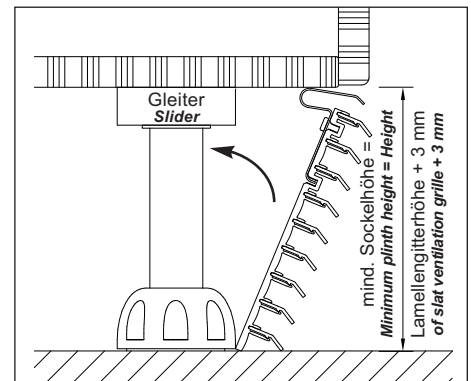

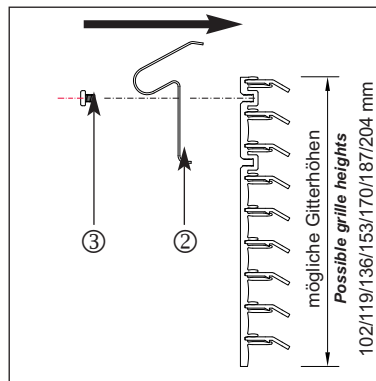

#### Slat ventilation grille as plinth Mounting and removing

- ① **SBL-Lamellengitter**  
Achtung: Die notwendige mindest Sockelfußhöhe = Lamellengitterhöhe + 3 mm (Freiraum f. Federklammer)  
Slat ventilation grille  
*Attention: necessary base leg height = height of slat ventilation grille + 3 mm (free space for spring clamp)*
- ② **Federklammer** für die Montage von SBL-Lamellengitter  
Spring clamp for the mounting of slat ventilation grille
- ③ **Zylinderkopfschraube M 4x6** für Befestigung von Federklammer am SBL-Lamellengitter  
Cylinder-head bolt M 4x6 for fixing of spring clamp on slat ventilation grille
- ④ **Sockelfußklammer** für die Montage von SBL-Lamellen-gitter, falls Montage mittels Federklammer (②) nicht möglich, weil diese mit Sockelfußgleiter kollidiert  
Plinth leg clamp for the mounting of slat ventilation grille, if the mounting of spring clamp (②) is not possible because it would collide with the plinth leg slider.
- ⑤ **Adapter** für die Montage von SBL-Lamellengitter mittels Sockelfußklammer  
Adapter for the mounting of the slat ventilation grille by means of plinth leg clamp
- ⑥ **Zylinderkopfschraube M 4x10** für Befestigung von Adapter am SBL-Lamellengitter  
Cylinder-head bolt M 4x10 for the fixing of the adapter on SBL slat ventilation grille

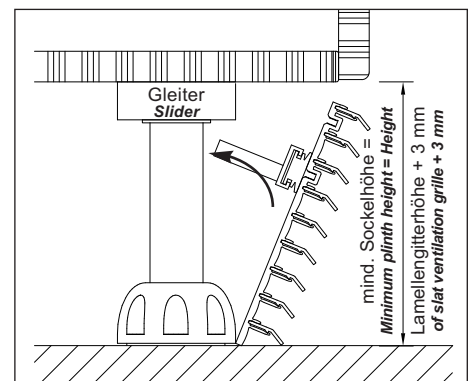

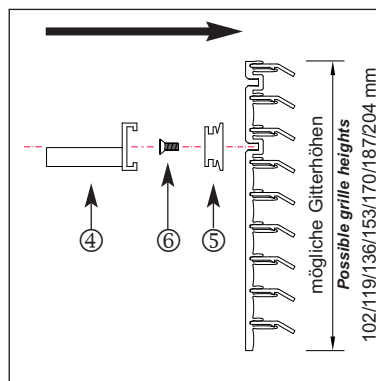

Die Befestigungsteile 2, 3, 4, 5 u. 6 sind dem Montagezubehör zugeordnet  
The fixing elements 2, 3, 4, 5 and 6 are assigned to the mounting kit.

Befestigung mittels Federklammer  
Fixing by means of spring clamp

Befestigung mittels Sockelfußklammer  
Fixing by means of plinth leg clamp

SBL-Lamellengitter mit seitr. Abschluß  
Slat ventilation grille with lateral end piece
